

MOHAN KHOLIYA

Procurement Leadership & Category Management

Gurugram, India | +91 9990433916 | mohan.kholiya@gmail.com
linkedin.com/in/mohankholiya | mohankholiya.co.in

PROFILE

Procurement leader with 16+ years across energy, oil and gas, infrastructure and telecom. Combines in-house category ownership at BT Group and operational supply-chain leadership in drilling and power with consulting at Wood Mackenzie and Accenture. Experienced in strategic sourcing, team leadership, supplier development and source-to-pay transformation.

CORE CAPABILITIES

Category ownership | Strategic sourcing and RFx | Contract negotiation | Supplier development and governance | CapEx procurement | Source-to-pay transformation | Global sourcing | Cross-functional team leadership

PROFESSIONAL EXPERIENCE

Wood Mackenzie

Principal Consultant - Supply Chain Consulting (Energy) | Feb 2025 - May 2026

- Led a pre-RFP assessment of \$233M in utility contractor spend, analysing approximately 565,000 transactions across 482 rate codes. Identified \$4.9M-\$6M of annual opportunity against the selected assessment benchmark; recommendations informed RFP design. This was an identified opportunity, not realised savings.
- Contributed benchmarking, cost-driver analysis and executive synthesis to a \$2.2B upstream capital competitiveness review using a 27-project peer set. Team recognised with the Q3 Innovation Award.
- Developed utility supply-chain operating-model analysis and category-intelligence reports connecting workload, market information and costs to commercial decisions.

BT Group (British Telecom)

Category Manager - Procurement | Mar 2023 - Feb 2025

- Owned GBP 100M of annual civil-infrastructure category spend and led a team of 5+ buyers across sourcing, contract renewals and supplier governance.
- Secured approximately GBP 2M of total-cost optimisation in a service-delivery renewal through should-cost modelling and negotiation, retaining the incumbent and protecting service continuity. Category spend is separate from the renewal value.
- Led source-to-pay digital transformation, standardising contracting governance, approval workflows and compliance across Finance, Engineering and Operations.

PROFESSIONAL EXPERIENCE / CONTINUED

Accenture

Senior Analyst & Team Lead - Sourcing & Category Enablement | Oct 2021 - Mar 2023

- Delivered approximately \$4M in CapEx sourcing savings across EPC, surface facilities, and drilling and completions for an Indian upstream operator.
- Led category strategy and end-to-end sourcing, including qualification, RFx, TCO-based evaluation, negotiation and award in SAP Ariba with a cross-functional team of four.
- Embedded category playbooks and supplier-management routines; received the Business Partner Employee Award for FY 2022-23.

Jindal Drilling & Industries

Manager - Procurement | Sep 2017 - Jul 2021

- Managed an approximately \$100M annual procurement and contracting portfolio supporting offshore drilling and MWD operations for ONGC and OIL India contracts.
- Built a 50-vendor ecosystem with 10 OEM rate contracts and led a 10+ member cross-functional team. Global sourcing and supplier audits covered the Middle East, US, UK, Singapore and China.

Quippo Oil & Gas Infrastructure

Assistant Manager - Supply Chain Management | May 2013 - Aug 2017

- Directed approximately \$50M of annual sourcing for 2,000 HP onshore drilling rigs, leading a 4+ member cross-functional team and negotiating a \$30M rig-equipment contract.

Shyama Power India

Assistant Manager - Procurement | Sep 2009 - May 2013

- Led EPC procurement for RGGVY power-grid turnkey projects, covering BOQs, technical approvals, contractor selection and quality compliance.

EDUCATION & CERTIFICATIONS

MBA, Power Management | UPES, Dehradun | 2009

B.Sc., Physics, Chemistry & Mathematics | Kumaun University | 2006

MITx SC0x Supply Chain Analytics (2026) and SC1x Fundamentals (2025): completed courses in the MicroMasters programme.

Supply Chain Management certification | MSME | 2013

ANALYTICS & INDEPENDENT BUILDS

SAP Ariba | SAP MM | Oracle ERP | Alteryx | Power BI | Advanced Excel

Independent procurement tools for should-cost modelling and category intelligence, combining structured calculations with AI-assisted research.

RECOGNITION

Q3 Innovation Award, Wood Mackenzie (2025) | Business Partner Employee Award (FY 2022-23) | Distinguished Contributor Award, Quippo Oil & Gas (2015-16).
