SUMMARY

Procurement and supply chain leader with 16+ years, \$18M+ in verified savings, and \$400M+ in annual spend influenced across Energy, Utilities, Oil & Gas, and Telecom. Trusted advisor to CPO and VP-level stakeholders on capital projects, category strategy, and procurement transformation. Proven across global consulting advisory (Wood Mackenzie, Accenture) and in-house category ownership (BT Group, Jindal Drilling, Quippo); MIT Supply Chain Analytics certified.

CAREER HIGHLIGHTS

- **\$2.2B upstream capital project benchmarked for a global E&P operator** — analysis drove pre-FEED budget revision and capital reallocation, earning the Wood Mackenzie Q3 Innovation Award.
- **\$18M+ in verified savings delivered** — ~\$10M in upstream CapEx sourcing, £2M+ in telecom engineering categories, ~\$6M in utility contractor spend, plus rate-contract savings across drilling operations.
- **Built sourcing frameworks adopted as client standard practice** for emerging technology and utility categories, influencing procurement strategies across global energy operators.
- **Led procurement transformation** across a £200M+ BT Group engineering services portfolio, standardising governance, sourcing processes, and spend visibility across Finance, Engineering, and Operations.

CORE COMPETENCIES

Strategic Sourcing · Category Management · Should-Cost Modelling · Capital Project Benchmarking · Total Cost of Ownership (TCO) · Source-to-Pay (S2P) / Procure-to-Pay (P2P) · Contract Lifecycle Management (CLM) · SRM · Vendor Management · RFP / RFQ / RFI · Spend Analytics · Supply Chain Optimization · Inventory Management · Market Intelligence · Supply Chain Risk · Procurement Governance & Compliance · Operating Model Design · Executive Stakeholder Management · Change Management · Organisational Benchmarking · Category Strategy · SAP Ariba · SAP · Oracle · Alteryx · Power BI · Advanced Excel · Generative AI & Agents · Six Sigma · ESG Procurement

AWARDS & RECOGNITION

Q3 Innovation Award · Wood Mackenzie · 2025 — *Bottom-up capital benchmarking of a \$2.2B upstream project across a cross-functional, multi-geography team.*

Business Partner Employee Award · Cairn Oil & Gas (Vedanta) · FY 2022–23 — *Rapid delivery of a high-value contract renewal with outstanding commercial impact.*

Distinguished Contributor Award · Quippo Oil & Gas Infrastructure · 2015–16 — *Zero rig downtime record and procurement excellence across ONGC and OIL India operations.*

PROFESSIONAL EXPERIENCE

Wood Mackenzie · Gurugram, India

Feb 2025 – May 2026

Principal Consultant — Supply Chain Consulting

- **\$2.2B upstream capital project benchmarked** for a global oil & gas E&P operator — D&C, Facilities and Pipelines analysis drove pre-FEED budget revision; findings presented to VP-level leadership.
- **~\$6M in cost optimization identified** across \$233M contractor spend — rate variance decomposition across 6 contractors reshaped the client's RFP strategy and negotiation mandate for the next contracting cycle.
- **23.8% supplier price escalation disproved** via category intelligence on \$75M+ Transmission Structures spend — cost models justified only 1.5–5.6%, giving the client a clear negotiation mandate for competitive rebid.
- **Greenfield E-STATCOM sourcing strategy built** across a ~\$1B market — adopted by client leadership as the standard approach for new technology categories supporting 20GW+ data centre growth.
- **>20% target-vs-actual savings gap surfaced** for a utility's Energy Waste Reduction programme — Excel–Alteryx KPI workflow triggered the client's corrective action plan with six months remaining to deadline.
- **Supply chain organisation benchmarked across 10 peer utilities** using spend-per-FTE and spend-per-RFP quartile analysis — operating model recommendations adopted by client leadership as directional strategy.
- **Advised CPO and VP-level utility and E&P clients** on supply chain risk, tariff exposure, and procurement transformation strategy — mentored 5 junior analysts across engagements, strengthening analytical rigour and delivery standards.

BT Group (British Telecom) · Gurugram, India

Mar 2023 – Feb 2025

Category Manager — Procurement

- **£2M+ in contract savings delivered** on civil infrastructure renewals within a £200M+ engineering services portfolio — findings presented to senior procurement leadership to anchor commercial negotiations.
- **£100M+ civil infrastructure category owned end-to-end** — led a team of 5+ buyers across techno-commercial evaluations, competitive sourcing events, and contract renewals.
- **S2P digital transformation led** across the £200M+ portfolio; standardised procurement governance and workflows, improving spend visibility and compliance across Finance, Engineering, and Operations stakeholder groups.
- Applied AI-enabled spend analytics to benchmark incumbent pricing across complex civil infrastructure categories: findings directly anchored commercial negotiations and sharpened sourcing positions.

Accenture Solutions Pvt. Ltd. · Gurugram, India

Oct 2021 – Mar 2023

Senior Analyst & Team Lead — Sourcing & Category Enablement · Client: Leading Upstream Oil & Gas Operator, India

- **~\$10M in CapEx savings generated** across a \$200M+ portfolio — led EPC contracts, well hookups, surface facilities, and manpower sourcing end-to-end in SAP Ariba, managing a cross-functional team of 4.
- **TCO-based bid evaluation matrices designed**, incorporating total cost of ownership analysis that strengthened award decisions on cost, quality, and schedule across all active CapEx categories.
- Market intelligence and commercial benchmarking conducted across active categories — identified cost-reduction opportunities and improved CapEx procurement cycle time.
- Won Business Partner Employee Award FY 2022–23 for rapid turnaround on a high-value contract renewal, cited for outstanding commercial outcomes and stakeholder alignment.

Jindal Drilling & Industries Ltd. · Gurugram, India

Sep 2017 – Jul 2021

Manager — Procurement

- **Zero supply-driven rig downtime achieved** across ONGC and OIL India jack-up drilling and MWD contracts — ~\$100M annual procurement portfolio managed with 100% on-time material availability.
- **Strategic vendor ecosystem built from scratch**, implementing supplier segmentation, negotiating OEM rate contracts, establishing inventory management protocols, and designing ERP-integrated procurement governance.
- End-to-end sourcing and contract negotiations led for critical drilling consumables, downhole tools, and operational requirements; supplier performance audits conducted ensuring quality compliance and supply continuity.

Quippo Oil & Gas Infrastructure Ltd. · Gurugram, India

May 2013 – Aug 2017

Assistant Manager — Supply Chain Management

- **Global strategic sourcing executed** for 2,000 HP onshore drilling rigs serving ONGC and OIL India, building a diversified supplier network across the US, Middle East, Canada, Singapore, and China with zero rig downtime.
- **Rate contracts negotiated** to reduce procurement and freight costs; managed supplier performance audits ensuring quality compliance, contract adherence, and uninterrupted material supply.
- **Procurement efficiency and lead times improved** through supplier development, inventory optimization, and proactive supply chain coordination across all active rig operations.

Shyama Power India Ltd. · Gurugram, India

Sep 2009 – May 2013

Assistant Manager — Procurement

- **EPC procurement led** for RGGVY Power Grid turnkey projects, managing BOQs, securing technical approvals, identifying cost-effective suppliers, and ensuring quality compliance across all material deliveries.
- **Delivered cost reductions** through strategic supplier management and commercial optimization, contributing to on-time project completion across Power Grid contracts.
